Additional Information

Pallium and CMA are making these 6 Learning Essential Approaches to Palliative Care (LEAP) modules available online for free to all health care

professionals for 3 months (March 30 – June 30, 2020). These modules will help provide health care teams with an introduction to the palliative care approach focused on the important knowledge and skills required during the COVID-19 pandemic response. The modules are currently only available in English.

The Pallium Palliative Pocketbook can be found [here](#). This best-selling book is a practical, one-stop resource with easily accessible information to help non-specialist physicians, nurses, pharmacists, and social workers provide a palliative care approach when needed.

Additional learning opportunities to help you expand your knowledge in palliative care can be found on [Our Courses](#) page, including our newly available [LEAP Online](#) course.
